# OIL EXCITEMENT SURPASSES EVER BEFORE EVER SEEN HERE; COMPANY SELLS ENTIRE ALLOTMENT IN TWO HOURS; SHARES RISE

"MOST WONDERFUL  
EVER," NAMARA  
TALKS ABOUT OIL

Quotes Dr. Elliott as Saying  
Record Has Been Made In  
Calgary Fields.

SAYS MOST OF CONCERNS  
EARNEST AND LEGITIMATE  
Describes the Dingman Well  
'Discovery'—He Has In-  
vested in Claims.

Mayor McNamara was back at his  
desk this morning from his trip  
to Calgary.

"What do you think of the oil situa-  
tion in the fields near Calgary?"  
was asked.

"I think they are the most wonder-  
ful ever, I am not a geologist though,  
and I do not wish to have anyone in-  
vest in my opinion. I invested in oil  
claims while in Calgary, but do not  
wish to have my investments construed  
into the opinion that I endorse any  
oil scheme. I believe that most of the  
companies are earnest and the schemes  
are legitimate. Of course, there may  
be some that are over-capitalized,"  
said his worship.

The mayor's face lit up when he be-  
gan to describe the Dingman well 'Dis-  
covery.' He said:

"This well is wonderful and there is  
absolutely no doubt that the strike is  
genuine. I made a personal inspection  
of the well and found the oil to be of  
a refined nature for use in the auto-  
mobile. It is not at all unlike oil  
I brought five gallons up from Cal-  
gary with which are on exhibition in  
York and McNamara's window  
today.

The Elliott, a noted geologist, told  
me that he would make his reputation  
that the oil strike in Calgary was the  
most wonderful on record. Every  
where the oil gushes out of the well.  
The drilling in 'Discovery' has reached  
a depth of 2160 feet.

The Dingman people will not sell  
their stock and it is off the market  
entirely. This firm has started an-  
other drilling machine close to the  
present well. It was stated that Black  
Diamond had struck a gusher, but this  
could not be verified last night.

"The oil was struck shortly after a  
fine gusher and had been struck. I  
understand that the Nakamun com-  
pany are now drilling through a sub-  
stance like this at their wells about 35  
miles northwest of the city."

The mayor has invested his money in  
the Alberta Beaumont company which  
is north of the Black Diamond  
claim and northeast of Dingman's 'Dis-  
covery.'

The mayor remarked that there had  
been more than 50 oil drilling machines  
ordered in Calgary within the last two  
or three days.

HON. GEO. PERLEY MAY  
BE NEXT CANADIAN  
HIGH COMMISSIONER

Ottawa, May 21.—Hon. George Perley  
is going to the old country after  
the session to attend the inter-  
parliamentary union convention at  
Stockholm. The rumor is revived that  
he is to be Canadian high commissioner  
at London.

When questioned in this regard yes-  
terday the premier said he had no an-  
nouncement to make as to when or if  
the position would be filled.

C.N.R. May Appeal

Saskatoon, May 21.—An appeal is  
likely to be entered by the C.N.R. from  
the decision of the supreme court in  
favor of Dr. P. J. Spurling damages  
amounting to \$27,350 for injuries re-  
ceived while a passenger on one of its  
trains which went through the bridge  
here in the spring of 1912.

CROPS ARE GOOD, SAYS  
HON. DUNCAN MARSHALL

Hon. Duncan Marshall, Minister  
of Agriculture, returned to  
Edmonton this morning after  
having traveled over the coun-  
try between Edmonton and Cal-  
gary in his auto. The minister  
reported that the outlook  
for the crops was good. While  
the country further south has  
not had the same amount of  
rain as Edmonton there is no  
doubt that the grain is growing  
nicely. The minister leaves on Sat-  
urday for the east en route to  
England.

## EDMONTON'S POPULATION HAS INCREASED OVER FIVE THOUSAND IN THE LAST YEAR

Edmonton's population is now over 72,315, according to the official census which has been completed by the chief enumerators, M. L. Porteous and J. J. McCormack. The first count gives the total number of persons in the city who have registered as 72,315, but there are a few coming in every day. Of course, there is considerable checking to be done and there will be a few more names added up on account of a few transients and residents who have been missed. The added number that are expected to come in will not make any appreciable difference in the result and the above figures will not vary any more than from fifty to one hundred either way. Last year the official result was given out as 67,243 and this year's census will show approximately from 5,000 to 5,100 of an increase over that of last year. The largest percentage of increase has been found on the south side of the river although there has been a decided increase on the north side. Those who have not as yet filled out a census card may still be added to the roll if they will phone 5532 or call at room 507 civic block. It is very desirable that all who have been omitted do this in order that an accurate voters list may be compiled and no one deprived of the right of voting on municipal matters.

### MANY PERMITS BEING ISSUED TO DIG FOXES

Indications Are That One Hun-  
dred Fur Farms Will Be  
Established.

TWO THOUSAND ANIMALS  
BY FIRST SEPTEMBER

Proposal to Establish Big Game  
Reserve in Northern  
Alberta.

From present indications it appears  
likely that at least 100 fur farms will  
be established in Alberta by next fall.  
Permits for the digging out of foxes  
in the north are being issued to a  
large number of applicants at the of-  
fice of Benjamin Lawton, provincial  
game guardian.

This month and the next are the  
best months for digging out foxes and  
while it is too early to say what suc-  
cess is being met with, it is probable  
from the reports as to the number  
of foxes in the north that at least four  
or five foxes will be taken from the  
dens for every permit issued. This  
should result in being taken not less  
than from fifteen hundred to two  
thousand foxes on fur farms in the  
province by September 1st, next.

A fee of \$100 is charged by the Govern-  
ment for every live black or silver  
fox exported out of the province  
and \$15 for common red foxes. It  
is required by regulations passed last  
year that owners of fox farms send  
to the Department of Agriculture  
twice a year, on Jan 1 and July 1, a  
statement of the animals on their farms.

The permits are being issued to resi-  
dents of the province and each permit  
allows the holder to take the contents  
of one den.

A proposal is on foot to establish  
an antelope reserve in the northern  
part of the province. Antelope in  
Alberta may not be shot till October  
1917. Officials of the Dominion gov-  
ernment are now in Alberta in con-  
nection with the plan.

Another proposal is to establish a  
large reserve for the preservation of  
large and small game in the northern  
portion of Alberta on the Beaver River.

Another proposal is to establish a  
large reserve for the preservation of  
large and small game in the northern  
portion of Alberta on the Beaver River.

Another proposal is to establish a  
large reserve for the preservation of

portion of Alberta on the Beaver River.

### GIANT VATERLAND BREAKS AWAY IN THE HUDSON RIVER

New York, N.Y., May 21.—The giant  
ice liner Vaterland broke away from  
her moorings today and is drifting  
down the Hudson river. The ship  
has not had the same amount of  
rain as Edmonton there is no  
doubt that the grain is growing  
nicely. The minister leaves on Sat-  
urday for the east en route to  
England.

Crowds on Jasper Avenue Buying Stock and Scanning Quotations of Prices from Calgary. Traders Were on the St. Rests Until Two O'Clock This Morning.

### EX-CITY TREASURER OF PRINCE ALBERT IS CHARGED WITH THEFT

Prince Albert, May 21.—Herbert  
Hutt, ex-city treasurer, pleaded guilty  
before Judge Deak in the district court  
yesterday to a charge of misappropri-  
ating \$2,680.94 of the city funds and  
was remanded until Thursday of next  
week for sentence. In deferring sen-  
tence Judge Deak stated that it was  
to make full or partial restitution of  
the money involved, as on this would  
depend largely the severity of his pun-  
ishment. Until next Thursday Hutt  
will remain in custody.

Stephen Townsend Dead  
London, May 21.—Stephen Town-  
send, lecturer and author, died yes-  
terday. For some time he was on the  
stage under the nom de plume of 'Will  
Dennis' playing the leading roles in  
several plays.

### SOUTH AMERICAN MEDIATORS SOUND HUERTA DELEGATES

Niagara Falls, Ont., May 21.—The  
three South American mediators in  
conference today with the representa-  
tives of General Huerta sought to bring  
in a general way the viewpoint of the  
Mexican representative on various  
tentative plans for a solution of the  
Mexican problem.

The mediators pursued the same  
course with the Mexican delegates as  
they did with the American peace com-  
missioners last night. No formal ex-  
pression of view was required but the  
mediators suggested hypothetical steps  
looking to a settlement of the Mexican  
imbroglio and learned the trend of  
thought of delegates.

No proposal of a definite character  
has been made to the Americans and it  
was understood that none were con-  
templated today with the Mexicans.

### SUFFRAGETTES INJURED WHILE TRYING TO MARCH TO BUCKINGHAM PALACE

London, May 21.—The police today  
broke up a large column of militant  
suffragettes who were marching on  
Buckingham palace for the purpose of  
handing a petition to King George.  
When the women reached the top of  
Constitution Hill leading to the palace  
the police dispersed them and arrested  
Mrs. Emmeline Pankhurst and several  
other leaders.

The ambulance corps was kept very  
busy in attending to a number of in-  
jured women and removing on stretch-  
ers several who had fainted. There  
were over 40 arrests, including Mrs.  
Pankhurst and her daughter, Miss  
Sylvia Pankhurst, who was captured  
near the palace.

## McDOUGAL SAYS CALIFORNIA BROTHERS BE FOUR NORTH

Big Rents for Offices—Quotations from  
Calgary Vary—More Leases near We-  
taskiwin—Athabasca Now Has Fever—  
Telegraphs and Railways Reaping Har-  
vest—Buyers Eagerly Await News of  
Drilling—Northern Stock Selling Well.

No excitement of a commercial na-  
ture ever approached that which is  
disturbing the city of Edmonton at the  
present moment over the new oil fields.  
Everybody, apparently, is bound to  
buy oil shares. Money is being with-  
drawn from the banks by the thou-  
sands.

Officers for the selling of stock are  
still springing up as fast as they can  
be secured. Fabulous rents are asked  
and willingly paid for little corners  
in drug stores, cafes, clothing stores  
and hotels, while real estate offices  
are simply turned into oil exchanges.  
Opinions differ as to the effect the  
Calgary boom will have on the provin-  
ce and the people who buy shares,  
but financial men and others compe-  
tent to give opinions are unanimous  
in one respect, namely, that oil has  
been found in large quantities.

As oil is always speculative and as  
the chances or even prospects for  
large profits are great, bankers and  
others do not advise against the ordi-  
nary man with a few loose dollars  
putting some of it into oil in the hope  
that large profits may come.

Nothing Ever Like It  
"I never saw anything like this in  
my life," said August Wolf secretary  
of the press exchange department  
of the Edmonton industrial association  
this morning.

"I was in Beaumont, Texas, when oil  
was discovered there and in Bakers-  
field, California, at the height of its  
oil boom, but neither of these could  
hold a candle to the excitement which  
prevails in Edmonton this very minute.  
They were trading oil stocks to each  
other on the streets after all the offices  
had closed at two o'clock this morning."

John A. McDougall, ex-mayor and  
ex-M.P.P., said today that the Cal-  
gary-Oskots discovery would mean  
great things for all of Alberta.

"It will be the means of bringing  
a lot of outside money into the provin-  
ce for further drilling operations in  
other localities," he stated, "and it  
will also be the means of furthering  
oil activities in the north country,  
where I believe the greatest fields of  
all will yet be discovered. It will  
be the making of this province."

"Of course, they are crazy over it  
now. Some money will certainly be  
made, because no one is to doubt  
whatever that oil has been found in  
large quantities and of an excellent  
quality."

It was estimated this morning that  
at least 10,000 people were on the  
streets of the city looking at the oil ex-  
citement. Some were attempting to buy  
shares in companies which were sold  
out, others running around from one  
office to another trying to make  
trades and sales. Several exchanges  
have a regular telegraph service from  
Calgary with quotations, which vary  
considerably, but which show a gen-  
eral upward trend of prices.

The center of excitement today, lo-  
cally, is the Alberta-Beaumont sales  
office, at York and McNamara's, 44  
Jasper avenue west. The Beaumont  
office is a new company, with leases  
on lands located about four miles  
northwest of the gushing Dingman  
well. It has just been capitalized at  
\$1,000,000, with shares of the par value  
of \$1 each, by local capitalists, among  
whom is Mayor W. J. McNamara.

Sold in Two Hours  
This morning the company offered  
50,000 shares at 10 cents each. Inside  
of two hours every one of the 50,000  
was sold in small amounts. When  
the sale was finished hundreds of  
people were ready with money in their  
hands to buy more shares. The price  
was paid for the shares at 10 cents  
and another block is being put on  
at 25 cents a share, and it is stated  
that hundreds of reservations have  
been asked for at this price, also that  
immediately this block is disposed of  
the price will again go up. If, indeed,  
any more be offered.

Another new company which began  
to sell only this morning is the  
Alberta-Paraffin Oils, limited, which  
has opened up offices at 240 Jasper  
avenue west. The kind of oil of con-  
cern is west of High River and be-  
tween that town and the center of the  
fields. A block of 25,000 shares have

been put on at 10 cents, and a notice  
states that the price will be increased  
to 20 cents this afternoon.

Edmonton, offered by Mc-  
Dougall Brothers, 118 Jasper east, con-  
tinues to sell well. Yesterday this  
firm sold 8,300 shares of Edmonton at  
\$1.10 per share, and today large sales  
are being made, probably for the fact  
that the lands of this company are  
between the Dingman and the  
McDougall-Sekur. The firm expects  
to receive a sample of oil tonight from  
Calgary. It is coming in a five gallon  
can, sealed by Mayor H. A. Sinnott of  
Calgary. Drilling operations are now  
in progress.

Values Change Quickly.  
The Northland Resources, limited,  
124 Jasper east, which handles such  
well known stocks as the United Oils,  
Federal and Calgary-Alberta, reports  
that interest in those companies has not  
diminished, but rather increased. In  
United Oils, they state, is off the mar-  
ket at Calgary, where a few holders  
are asking 117, but the Northland Re-  
sources are selling some at 119, with a  
bidder at 120 per cent. asked. The  
Federal was quoted this morning at  
112.5 and Calgary-Alberta at 11.10.

Values change so quickly, however,  
that quotations one minute may not be  
good the next in some cases.

Several offices on First and Jasper  
are selling Prudential stock, a com-  
pany which controls 20 acres of land  
within 2,000 feet of the Dingman well,  
and on the same section as the  
Herron-Elder wells. Machinery is on  
the ground and operations are ex-  
pected to commence at once. This  
stock is selling at par at present \$1.

The Robertson-Davidson company,  
limited, reported today that large sales  
were being made in Duke stock at  
\$2.50. Boring is down 1,400 feet in this  
well, which is northwest of the Ding-  
man. Yesterday the stock sold at \$1.10  
and the day before at 50 cents. Robert-  
son-Davidson also state that Herron-  
Elder and Black Diamond are off the  
market.

The Calgary Oil and Petroleum ex-  
change has opened an Edmonton office  
at 66 Jasper east. Today they quoted  
Black Diamond at 11.00, Federal at 11.10,  
Alberta Petroleum at 85 cents, Stoken-  
Stevens at \$1 and Trenton, a new com-  
pany at 10 cents.

Northern Companies Selling  
Stina and Davis, First street, quote  
Piedmont at 11.00, Western Pacific at 11.00,  
British Canadian at 11.10, and Black Dia-  
mond, Federal and Herron-Elder off  
the market.

Several companies have commenced  
selling shares in some of the northern  
oil fields. The oil excitement has  
many local people are of the opinion  
that even more wonderful discoveries  
will be made there in the south,  
mostly by Edmonton and Wetaskiwin  
people.

Athabasca Has Boom  
Athabasca is now the center of an  
oil boom of its own. Ex-Mayor Wood  
is one of the leading men in a com-  
pany which has been formed to ex-  
ploit the lands on the Athabasca river  
near this town. The company has  
again boring operations at once and the  
northern town is experiencing consid-  
erable excitement many of the resi-  
dents buying shares in the company.

The C. P. R. and other telegraph of-  
fices in the oil fields are simply a com-  
pany with business. Operators are working  
overtime and more are being put on,  
while messengers are constantly on the  
move. In day and night work and  
tips.

Additional coaches and sleepers have  
been on all the Edmonton-Calgary  
trains by the Canadian Pacific to  
handle the crowds which go to and  
from the oil city. Many Edmonton-  
ians go there every day and after com-  
ing back state without exception that  
the wild excitement which Edmonton  
is experiencing is nothing compared to  
the veritable pandemonium which  
exists in Calgary.

PRINTERS AND PUBLISHERS CAN SAVE MONEY BY PATRONIZING THE CAPITAL'S TYPE DEPARTMENT

# STREETS THICK WITH AGENCIES AND EXCHANGES

**Fever Spreading Over Country—Eighty Whole Sections Filed on West of Wetaskiwin by Calgary—Many Companies Drill—Quotations in Confusion—Thousands of Shares Change Hands 8,300 Yesterday in One Company—Financial Stringency a Myth.**

As predicted by the Capital, practically all of Alberta, and not Calgary alone, is now saturated with the oil fever. It is not at all undervalued with the valuable fluid itself.

In the city offices are opening up practically every hour to sell oil stocks and every one is doing a hand office business. Last night the streets were lined with people who bought or tried to buy shares.

The stock of many companies was withdrawn from the market, that of others completely sold out. Dozens of companies are beginning to drill, others are ordering outfits by wire.

**Development Going On.**

In fact, actual development goes on as fast as men and money can bring it on. In the meantime the Dignam well is pushing forth itself in the form of almost pure gasoline, which oil experts say is the purest ever found in a crude form.

The companies most favored, of course, by investors are those close to the Dignam well, and those which seem to be offered and managed in a business-like manner. Speed with which drilling operations are being carried on and other factors also enter into the situation considerably.

It is quite noticeable that the more prominent local agents are connecting themselves with the most reliable and promising companies in the new fields, also that a great deal of interest is being taken in the new stocks as they are offered and the old ones as they are taken off the market or their complete issue sold.

**Sell 8,300 Shares.**

McCutcheon Brothers, Limited, 118 Jasper street, handling Piedmont Petroleum Products, Limited, took up this proposition for the benefit of their clients after the usual precautionary enquiries had been made and last night reported that they had sold 8,300 shares during the day, all of it at par, \$1.

Since probably nothing has ever created such a sensation in western Canada as the present oil situation, due to the rather suddenness in the field and its extraordinary quantity and quality, as far as known, investors must depend to a great extent on the reliability, judgment, integrity and experience of the agents who are selling the stock.

**All Are Speculative.**

A local establishment with a reputation seems the logical place for which investors should work. Most of such firms are reputable and generally impress investors with the fact that oil stocks are more or less of a speculative character, and it is left to the investor's own judgment.

In some cases oil profits have been enormous, they have reached figures

## LISTERINE

Use it every day

**HEALTHY teeth and healthy gums ensure general health.**

Listerine is the one agreeable antiseptic that makes the safe and efficient mouth-wash. Use invariably after brushing the teeth.

All Druggists Sell Listerine

LAMBERT PHARMACEUTICAL COMPANY

Toronto, Ont.

culated. Large sums of money are being poured into the oil business from the outside and are being invested principally in the higher priced shares. There is no question that the oil strike is a good thing for Alberta. It is a question whether, after the excitement is passed, it will not be found that harm has been caused by the wildness of some of the speculations. Manitoba has taken steps to prevent the sale of oil stock in that province until the authorities have been satisfied that the stock for sale is a reasonable good security. One cannot, however, eliminate the speculative element from all stocks. No one can be certain that oil exists till it is struck and, in order to get oil, money must be risked. There is no need to take additional risk by buying from concerns that own no property and have probably no intention of doing anything besides collecting the money from suckers. There are regulations in Alberta which require companies to file their prospectuses with the provincial registrar and every director of the company is personally liable for misstatements contained in documents so filed. Investors should beware of buying from companies which have not issued a prospectus; they should also ascertain whether the company in which they propose to invest has any assets and is doing anything to develop them. Look before you leap is a proverb to be kept in mind.

**Wealth Suddenly Acquired.**

Strange stories of suddenly accumulated wealth are going the rounds of the downtown districts today. Stories of lucky boys who have made stupendous offers for stock holdings, and of desperate efforts to acquire money for investment purposes.

One of the most sensational offers since the oil boom began was that made by a local capitalist who nine months ago purchased 5,000 shares of Dignam stock, when it first went on the market, for \$400, and a few days ago was offered by a syndicate of Calgary capitalists \$1,000,000 cash for his holdings. When the offer was made the Edmonton man asked to be given overnight to consider the offer, and after waiting restlessly all night he went to sleep and in company with another well known local real estate man, arose about four o'clock this morning with his mind made up that he would not sell, thus enacting his great belief in the future possibilities of the Dignam wells.

Another story is that of a popular young club man, who several months ago, while not exactly rich, and feeling quite lucky and care free, allowed his friends to shove off on him some shares they had bought last fall, and which they considered valueless, and were taking advantage of their friend's boisterous state to rid themselves of their paper oil and get their money back. In a day or so, when the club man had completely recovered his normal state, he, too, believed he had been stung, and endeavored to pawn the shares, but was told that the shares found them to be none other than the Dignam stock and sold the lot of them for something like \$1,000. He has since left for Calgary and the score of operation and has become a member of one of the big stock companies there.

(Special to the Capital)

Calgary, May 21.—Activity in oil stocks continues with increasing momentum. Owing to the fact that no exchange has yet been established, quotations are irregular and erratic. The same stocks selling in different brokerage offices for prices showing divergences in some cases as high as 250 per cent. A ten per cent spread is quite common and the price asked is no criterion whatever by which to judge the value of any stock as the asked and bid in some instances varies all the way from 25 to 100 per cent.

**Some Questions.**

From receipts shown by the brokers a list from offers in the King George oil area accompanied by cash checks the following indicates the prices at which bona fide sales were made.

Class A, United, par value \$10, off the market, offered \$11.50, no sellers.

Monarch, off the market, par value \$10, offered and sold at \$16 and \$17.

Western Pacific, par value \$1, offered and selling at \$1.25.

Huron-Elder, par value \$1, selling at \$1.25.

Black Diamond, par value \$1, selling at \$1.

Federal, \$1.

Stokes Stephens, 25 cents.

Alberta Petroleum, 25 cents.

Fidelity, 25 cents.

Done 45 to 70 cents.

Dignam \$110.

A move to establish an oil exchange has been made by the leading brokers after which exact records of transfers will be possible. The big sensation of yesterday was Monarch, which the

company withdrew from the market when standing at about \$11 by midnight it was being transferred at \$12.50 to \$16.75. It is capitalized for \$75,000 in 11 shares which gives the property a valuation of nearly a million and a quarter. The company holds 65,000 acres of leases in the Oldman district, has a drill working and is well down with the hole. The Diamond in the Oldman field, is presumed to be the next well due to come in, but at that it may take weeks yet to reach the formation. Reports were being heard about the fact that the Sugar had struck oil, but they were not confirmed.

**Should See Prospects.**

New companies are coming on every hour and the scramble for low priced stocks is simply unbelievable. Dozens of companies are being incorporated with no condition for pooling promoter's stock and purchasers have no way of knowing whether they are getting even then call for treasury stocks to be used in development or whether they are getting shares which are really whatever for their money will examine the prospectus of any concern in which they invest a dollar.

**Activity in Leases.**

The greatest activity in the past couple of days has been in leases, which are jumping to tremendous values. One lease 10 miles south of the Dignam well was sold today at \$20,000 for a quarter section. Several Edmonton people have taken leases for very substantial prices. Mayor McNamara and Costello and Ryan paid a stiff figure for one lying about equal distances from the Dignam and Sugar, which they proposed to incorporate and it is well known that one about six miles southwest of the Dignam. Leases here are, nothing else.

(W. A. P. Dispatch)

Calgary, May 21.—The city continues to see the wild excitement over the oil situation. Fully 200 broken age offices have been opened. These offices were thronged yesterday with eager buyers. New leases were snapped up quickly, one company selling out in two hours.

The Herald-Elder company closed its spectacular campaign at 9 o'clock last night with a total subscription of over \$100,000.

Managing Director Dignam is out with a statement to the effect that the formation in the bottom of the well is being broken down and a rush of oil to the surface is not improbable.

Cunningham Craig, the British geologist, says the indications of oil in the Mowbray Berkeley are very favorable.

**New Field in Prospect.**

Wetaskiwin, May 21.—Wetaskiwin is now one of the oil fever centers of the province. Yesterday excitement became even more intense when the news spread about this city that no less than 80 sections had been filed for oil by Calgary capitalists.

The location is a few miles west of the town, where Cunningham Craig, the British expert, stated there were excellent oil indications. As gas is already a certainty here, the syndicate which filed the sections, one of which is as large as to the prospects. It is stated that drilling operations will commence as soon as the machinery can be landed on the Ryan pad.

## MAYOR McNAMARA WON'T TALK TILL COUNCIL MEETING

Mayor McNamara arrived home from Calgary this morning. He said that he would not talk regarding the action of the council on Tuesday evening. He declared that he will answer any questions put to him at tomorrow night's meeting of the council.

Regarding the oil situation, he would not talk regarding the action of the first rusher of its kind ever discovered according to Dr. Elliott, one of the greatest oil experts.

## PRINCESS MARY IS ARRESTED SUSPECTED BEING A SUFFRAGETTE

London, May 21.—It is learned that Princess Mary was arrested as a suffragette while at Aldershot recently with the king and queen, the latter of whom has a perfect horror of the militant women. The princess went before breakfast to the air craft enclosure to take some photographs. The public is absolutely excluded from the enclosure, and the sentry immediately placed the princess under arrest, absolutely disbelieving her claim to be a princess and expressing with soldier-like plainness of speech, his conviction that she was a suffragette. She was detained a quarter of an hour in the enclosure before an officer, who knew her happened to pass. The officer escorted her to the king's quarters.

## EARL GREY CONTINUES JOURNEY AGAINST THE ADVICE OF PHYSICIAN

Winnipeg, May 21.—Acting against the advice of the Royal Alexandra hospital, Earl Grey last night continued his journey, although he was to be wheeled to the car in an invalid chair.

Halifax, N. S. entertains Canadian Tuberculosis League July 5-7.

## BOARD OF RAILWAY COMMISSIONERS TO MEET HERE MAY 29

Ottawa, May 21.—The board of railway commissioners have decided as their western itinerary to hold sittings at Winnipeg, Tuesday, May 26; Saskatoon, Thursday, May 28; Edmonton, Friday, May 29; Regina, Monday, June 1; Vancouver, Wednesday, June 3; Portland, Tuesday, June 9; Revelstoke, Thursday, June 11; Vancouver, Monday, June 15; and Seattle, Tuesday, June 16.

At the various points, the chief commissioner will receive applications or complaints which they desire to be heard by the board or send them forward to the board of railway commissioners at Ottawa, sending at the same time by registered letter, a copy of the application or complaint to the railway company or parties affected.

Senator Caffey Very Ill.

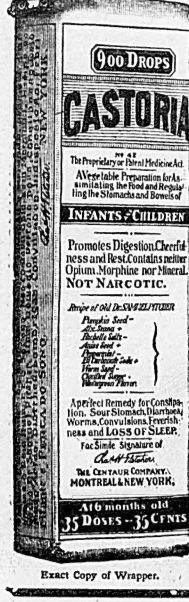

London, Ont., May 21.—Senator Thomas Caffey, who has been ill with heart disease at his home here for many days, is in a critical condition, and his death may come at any time. He is in his 72 years.

## The Danger of Imitations.

**A**N OHIO druggist writes to "The Practical Druggist," a prominent New York Drug Journal, as follows: "Please furnish formula for Castoria. All the formulas I have worked with are either ineffective or disagreeable to administer."

To this "The Practical Druggist" replies: "We do not supply formulas for proprietary articles. We couldn't if we wanted to. Your experience with imitative formulas is not surprising, but just what is to be expected. When Castoria is wanted, why not supply the genuine. If you make a substitute, it is not fair or right to label it Castoria. We can give you all sorts of laxative preparations for children, but not Castoria, and we think a mother who asks for Castoria would not feel kindly toward you if you gave her your own product under such a name."

No mother with a spark of affection for her child will overlook the signature of Chas. H. Fletcher when buying Castoria.

## Children Cry For Fletcher's

**Extracts from Letters by Grateful Parents to Chas. H. Fletcher.**

Mrs. Wm. Palmer, Sterling, Ill., says: "Your Castoria has been my friend for twenty years. I could not keep my children well without it. I cannot speak too highly of your wonderful remedy."

Mrs. Frank H. Caffery, of Providence, R. I., says: "If all young mothers would use Castoria it will bring up their child. My nurse and doctor can also tell your Castoria can do."

Howard A. Banks, of Hickory, N. C., says: "Your Castoria is the only physic we ever give our three babies. The fact that we use it promptly is probably the reason we never have to use any other."

Mrs. A. J. Nelson, of Waco, Texas, says: "I enclosed you will find a picture of 'Our Little Castoria Boy.' When a week old I ordered your Castoria for him, and I have never been up a night with him since."

Mrs. Eva Ott Mehn, of Jersey City, N. J., says: "I attribute the present excellent condition of my baby to your Castoria which has been using since he was three weeks old. I have not lost a night's sleep in seven months."

## GENUINE STRIKE, SAYS ASSISTANT C.P. PRESIDENT

J. S. Dennis at Montreal States  
Expert Reports Justify  
Expectations.

FIFTEEN DRILLING  
RIGS NOW AT WORK

Canadian Pacific Will Benefit,  
Both From Traffic and  
Royalties.

Montreal, May 21.—J. S. Dennis, assistant to the president of the Canadian Pacific railway, conceding that a genuine oil strike has been made in the 10-inch hole of the Diogenes well at the last measure, of high grade. The Canadian Pacific railway will benefit, not only from traffic but also from the royalties from many thousands of oil lands it owns.

The railway always sold land subject to reversion regarding coal, gas and oil rights.

Mr. Dennis says the development work is being carried extensively, 15 drilling rigs being at work on the area, and expert reports justify the expectation that a commercial oil field will be developed.

## OLD COUNTRY CRICKET

London, May 21.—Excellent cricket weather enabling the three day county cricket matches to be taken to a decisive result. The three games started on Monday ended yesterday, two home teams and one away proving superior, the Hop Pipers being the only successful visiting Count.

Kent were entertained at Taunton by Somersetshire, the former winning by 198 runs. For the winners Humphreys (2) scored a brilliant 121 not out, while C. E. Hatfield and Hardanger assisted in the usual way.

Fleider was the Kentish star with the ball, securing seven wickets for 48 runs. Rippon was the principal scorer for Somersetshire making 87 not out.

Playing at Lords, Middlesex won from Sussex by 289 runs. Four scores of more than half a century were registered by Middlesex (Houn (J) compiling 58, and 52, P. P. Warner (captain) 79; Tarrant 72 and F. T. Mann 66. Heif (H) for Sussex, played for 20 and the latter five for 14. At Birmingham, Warwickshire defeated Leicestershire by 288 runs. Warwick's captain, W. G. Grace, scored 100, and Smith (E. J.) 67.

**Bank Offer Accepted.**  
Saskatoon, May 21.—At an informal meeting of the council yesterday it was practically decided to accept the offer of the Bank of Montreal of a line of credit equal to 80 per cent of the current year's taxes equivalent to about \$750,000. The same rate of interest as last year, six per cent is offered.

**Two Edmonton Companies Incorporated—Secretary Trowbridge Issues Warning.**

Every sleeper on the trains from Vancouver to Calgary is booked for days ahead. Oil companies from California are coming in their scores.

"This oil strike will transport Pennsylvania and California to Alberta," declared Chas. S. Hotchkiss, chief publicity commissioner for Alberta today. Mr. Hotchkiss thinks that great development will follow in the northern part of the province. "Since the big oil men are here they will not stop at Okotoks, but will go further north and develop the oil, but the tar sands and asphalt deposits of northern Alberta."

Added to the resources of the soil and timber and coal, oil will make Alberta the star province of the American continent, as a gold for investment and development."

**New Oil Companies.**  
It is stated by men who have just returned from Calgary that a million dollars in half dollars per day are being poured into the coffers of oil brokers in that city.

Two Edmonton concerns have been incorporated, the Alberta Paraffin Oil Co. Ltd., and the Bonanza King Oil Co. Ltd. The former has been organized by J. T. Groux at a capitalization of one million dollars. The Bonanza King company is composed of T. J. McNamara, W. J. Lawler and J. T. J. Colson.

Twenty companies were incorporated yesterday and registered at the office of the provincial secretary. One man this morning walked into the office of the provincial secretary with a check and prospectus for the incorporation of eight companies, the registration fee alone amounting to several thousands of dollars. One company, the Calgary Gas and Petroleum Co. Ltd., with a capitalization of \$100,000 paid over \$2,000 for registration.

Deputy Provincial Secretary Trowbridge issues a further warning.

## CAFORMIANS BOOK SLEEPERS ON ALL TRAINS

**TEPIC IS TAKEN BY CONSTITUTIONALISTS AFTER BLOODY FIGHT**

(On board U. S. steamship Mazatlan, Mexico, May 21.)—(Via wireless to San Diego, May 21.)—An army of 5,000 Constitutionalists, having occupied Tepic with a loss of 400 killed and an unknown number of casualties among the Federals, has begun its advance on Guadalajara. In advance of the moving troops a flying squadron of cavalry is working destruction to the Huertista lines of communication, its main object being the crippling of the railroad from Mazatlan to Guadalajara.

The capture of Tepic was accomplished after a bloody struggle, although the losses of the federals are uncertain. It is known 200 of them were taken prisoners. Mazatlan is in a state of panic today. Back of the city the Constitutionalists are closing in, and the terror of their approach is augmented by the presence in the ranks of 700 Indians in war paint, whose excess in the event of the city fall, it is feared their leaders will be unable to curb.

More dismal to the contemplation of the average citizen is the prospect of the sacking of the city by the federals when they are forced to flee as seems to be inevitable.

**Permits for Building.**  
The McLaughlin Carriage company has taken out a building permit for the erection of a large brick garage to be situated on 160th street on lot 48, block 4, Hudson Bay reserve. The building will cost \$10,000 according to the records at the building inspector's office.

Another permit for \$20,000 has been taken out by James Ramsey, of department store fame, for the building of a dwelling on Rosslyn avenue. This beautiful residence will be situated on lots 1 and 2, blocks 185, Glenora.

Brown and Hargreaves, general contractors, are building a brick and steel office building on lots 15 and 16, river lot 8, for the firm of Bell, Auld and Austin. This block will face on 160th street and is expected to cost \$35,000.

Winipeg has 376 factories, employing 15,000 persons.

Russia in 1913 raised 12,546,457 short tons of sugar beets.

## CANADA'S FAMOUS MUSICIANS SPEAK TODAY'S LUNCHEON

Dr. A. S. Vogt, Toronto and W. H. Hewlett, Hamilton, Complement Music.

SAYS WEST HAS ROBBED EAST OF BEST SINGERS

Industrial Association Will Have Two Trains for On-To-Toronto Trip.

Members of the Industrial association at luncheon today were favored by the presence of Dr. A. S. Vogt, Toronto, and W. H. Hewlett, Hamilton, adjudicators at the Alberta May festival, and Miss Penelope Davies, an Edmonton young lady who is achieving great success as a soloist in Canada.

A Royal chairman of the on-to-Toronto committee announced that reservations sufficient for one train had been received and that those for a second train would be taken, and advised early choice. The first train will consist of seven sleepers, two dining cars, observation and two baggage cars. He stated that the excursionists are promised a royal welcome all along the route, and that the mayor of Chicago and governor of Illinois had promised to welcome them, as will the officials at other cities along the way. President Macraath announced for all men who are going to meet at the separate social hall this evening at 8 o'clock, when Dr. Mulvey will give instructions as to the trip.

President Macraath in introducing Miss Davies said the association were instructed to be delighted with her presence as her father was a member of the association. Miss Davies sang beautifully, and Kerrigan sang "Over the Garden Wall." Mr. Wild was at the piano.

**Edmonton's First Festival.**  
Ernest Barford in explaining the inception of the festival idea to Alberta said that the governor of Ontario urged Lieut. Governor Dulya to send competitors to Ottawa for the festival and that he had been the one small for any success in that line. In August a festival here, the first object of which was to improve music in the churches. He said that the concert given during the festival are the only ones of that kind outside of the \$500 grant from the city council. They had been trying to get Dr. Vogt here for four years but only succeeded this year.

Dr. Vogt was secured a most cordial reception. He was his first trip west and he had wished to see it for a long time. "The east has been robbed of its best citizens by the west," said the speaker. "Two years remained, and there was danger of their leaving. He realized there was a greater need for greater opportunities in the west than in the east. "There is marvelous development in an artistic sense here," said Dr. Vogt. "Particularly in choral work. It is absolutely beyond anything we thought possible. This fact is partially due to the old country people who come here. No city in Ontario has the size of Edmonton and has such choral work as Edmonton. Your city is the choral capital of this part of the world." He referred to the orchestra and the combination of Calgary orchestra forces, the result of which would be the best possible combination.

**Great Choral Will Sing.**  
Referring to the association, Dr. Vogt thought it the best advertisement possible, and will relieve the east of the impression that the west is starving. "The east is jealous of the reputation of the west," he said. This he thought to be the most important and popular province in the dominion of Canada. He stated that the famous Mendelssohn choir of Toronto will entertain the association's first meeting in that city and will sing. The people of the west have raised \$75,000 for a trip of the choir through Great Britain and Europe and are planning for a large trip through the western states and the Canadian west. In closing he extended the best wishes of the east to the great west.

W. H. Hewlett who has a dominion reputation as an organist, spoke shortly on his visit here, and caused laughter by saying that Dr. Vogt had already dispelled the illusion that a great musician must be a long haired, erratic individual. He also caused considerable amusement commenting upon his home city, Hamilton.

President Macraath stated that at the next meeting would be Edward Michelson, of the Edmonton and Peace valley work following. Hon. A. J. Sifton.

**SIR EDWARD CARSON JOINS THE RANKS OF UNIONIST DIE HARDS**

Winipeg, May 21.—A special cable despatch from London to a local paper says:

That Sir Edward Carson has gone over to the Unionist "die hard" leaves no other conclusion possible after his speech before the Women's Tariff Reform association last night. The fact of the matter is that Sir Edward Carson fears to risk finding himself and Bonar Law tied to a settlement which neither his own conventions nor the bulk of Unionists in the house of commons or of the lords will support. His unexpected speech of renewed defiance and special repudiation of the Unionist agreement upon which the ministers are now working.

**South Side Liberals**

There will be an organization meeting of south side Liberals in the King Edward Park school tonight at 8.30. Several prominent liberals will deliver addresses. All are invited to come and take part in the deliberations.

**Spain rigidly prohibits adulteration of olive oil.**

The McLaughlin Carriage company has taken out a building permit for the erection of a large brick garage to be situated on 160th street on lot 48, block 4, Hudson Bay reserve. The building will cost \$10,000 according to the records at the building inspector's office.

Another permit for \$20,000 has been taken out by James Ramsey, of department store fame, for the building of a dwelling on Rosslyn avenue. This beautiful residence will be situated on lots 1 and 2, blocks 185, Glenora.

Brown and Hargreaves, general contractors, are building a brick and steel office building on lots 15 and 16, river lot 8, for the firm of Bell, Auld and Austin. This block will face on 160th street and is expected to cost \$35,000.

Winipeg has 376 factories, employing 15,000 persons.

Russia in 1913 raised 12,546,457 short tons of sugar beets.

## CAFORMIANS BOOK SLEEPERS ON ALL TRAINS

Alberta Will Be Flooded With  
Men From Southern Oil  
Fields.

MILLIONS OF STOCK  
BEING SOLD DAILY

Two Edmonton Companies Incorporated—Secretary Trowbridge Issues Warning.

Every sleeper on the trains from Vancouver to Calgary is booked for days ahead. Oil companies from California are coming in their scores.

"This oil strike will transport Pennsylvania and California to Alberta," declared Chas. S. Hotchkiss, chief publicity commissioner for Alberta today. Mr. Hotchkiss thinks that great development will follow in the northern part of the province. "Since the big oil men are here they will not stop at Okotoks, but will go further north and develop the oil, but the tar sands and asphalt deposits of northern Alberta."

**\$1**

# CONSTITUTION OF THE CONSUMERS' LEAGUE OF EDMONTON

**Name.**  
The Consumers' League of Edmonton.

**Aims.**  
(a) To investigate the increasing cost of living and to counteract the same, by any legitimate means within its power.  
(b) To study and to teach the principles of co-operation in connection with home economics.  
(c) To watch, influence and promote civic legislation in connection with each of the foregoing clauses.

**Membership.**  
Any citizen of Edmonton upon an annual payment of twenty-five cents may become a member.

**Officers.**  
The officers shall be: Honorary president, president, first, second and third vice-presidents, two recording secretaries, two treasurers, and six councilors.

This executive may have the power to enlarge its numbers and form committees, as it sees fit, to carry on its work to the best advantage.

The president shall be ex-officio member of all committees.

No one shall be a member of the executive who is interested in the sale of household necessities.

A nominating committee shall be appointed by the executive. Its duties to present nominations sent in by members of the league, not later than ten days previous to election, and also to make its own nominations.

**Meetings.**  
Meetings shall be called at the discretion of the executive.

The annual meeting shall be held the first week in November.

(a) The business of the annual meeting shall be to receive reports from executive officers.

(b) To elect officers from the list presented by the nominating committee.

**Food for Thought.**  
There is the question of markets. Are you satisfied with the present condition? Are the marketing facilities such as to bring the producer in closer touch with the consumer? Have you a wholesale and retail market? Are the sanitary conditions of your markets and grocery stores satisfactory? Have you a commission on weights and measures and are the laws enforced? What are the conditions of your local laundries, hake shops, delicatessens, confectionery stores, etc? Are the tradesmen dealing with you fairly in regard to prices and as to quantity? Are they taking their customers a uniform price? Are your cold storage laws effective? Are the housewives considering that demands for several deliveries daily increase prices? These are suggestions which we give to you. You can readily see that there is work enough for each and every consumer to do.

The Consumers' League trust that all householders will co-operate with them in trying to procure for the city a flourishing, up-to-date market.

**In Justice to Trademark.**  
Members of the league are requested: (1) To give orders that but one delivery a day is required.  
(2) To pay cash or settle all credit accounts promptly.  
(3) To give your address carefully to salespeople.  
(4) Not to leave your Christmas shopping until the week before Christmas.

**In Justice to Ourselves.**  
(1) Watch carefully weights and measures.  
Any merchant is helpless to correct wrong business conditions unless sustained by public opinion, by law, and by the action of consumers.

## IRISH HOME RULE BILL ENTERS ITS LAST STAGE IN HOUSE OF COMMONS

London, May 21.—The Irish home rule bill entered on its last stage in the house of commons today. The vote on the third reading of the measure is to be taken on May 26 after which if it passes it will become law under the provisions of the parliament act as it will have been passed three times by the house of commons in three separate sessions.

The sitting of the house of commons was suspended until tomorrow in consequence of the persistent disorderliness of the opposition members, who thus succeeded in forcing adjournment, the motion for which had just been defeated by a vote 286 to 176.

Premier Asquith today declined to state the terms of the proposed amending bill at this stage and reiterated that the government was prepared to consider sympathetically any suggestions which might render its proposals in regard to Ulster more acceptable. As there was no precedent, however, the government insisted that it must have the firm judgment of the house of commons on the main principles of the bill. The government, he concluded, would never recede an inch from the position that the bill was wise and statesmanlike. This premier announced that the amending bill would be introduced into the house of lords and that the commons would have the last and determining voice in the matter.

## NOTED AUTHOR LOOKS FORWARD TO HIS CAMP IN CANADIAN ROCKIES

London, May 21.—Sir A. Conan Doyle and his wife, who sailed on the Olympic today, expect to spend one week in New York, then go to Jasper Park foothills in the Canadian Rockies, west of Edmonton, for a fortnight's camping. "I look forward with great pleasure to the trip," said the author today. "I have not been in the States since 1894. I have not seen Canada and my wife has never seen the States. I anticipate my New York visit with much interest but I probably look forward more to the camping, for I am a outdoors man."

## YESTERDAY'S AWARDS AT MUSICAL FESTIVAL

**Shields.**  
Undenominational chorus, led by Mr. Claude Hughes, McDougall school. Alexander Taylor school, led by Miss Harris. School Chorus Shield.

"Gronians" male quartette, Edmonton, Messrs. Turner, Lansdown, Smith and Shewell.

Mr. J. S. Keltie, Edmonton, tenor soloist (gold medal not awarded). Miss Flora Scott, mezzo soprano (gold medal not awarded).

Dr. Begg, Edmonton, sight singing. Miss Hilda Evans, Edmonton south, sight playing.

**Musical Festival.**  
Yesterday afternoon events at the musical festival brought out a larger number of spectators than heretofore seen at the competitions, and while the male chorus event which came the last thing in the afternoon held a good many under the last note was sung and the award made, yet the school children's competition, in which 12 schools of the city had entered a chorus, was pre-eminently the attraction which brought parents, brothers, sisters and friends, and the work of the school children deserved all the praise it received from the adjudicators, and the school who read the awards to state that they were all very sorry that the first place could not be given to every one, but as it could not be so the adjudicators named four churches possessing the highest number of marks. Alexander Taylor school, school winner of the shield two years ago, was given first place, with a score of 81 points. Miss Harris, leader. Second place was awarded Norwood school, the holder of the shield last year, score 80 marks. Miss Pearl Farrell, leader. The third, Oliver school, Miss Black, leader, scored 79 points.

The south side schools were well represented also. The schools competing were Parkdale, King Edward, Queen Alexandra, Queens avenue, MacKay avenue, Beverley, Alexander Taylor, Oliver, Donald Ross, Garneau, Norwood, and McCauley.

The last competition of the day the male choruses, in which there were three entries, was the best work of the day, each chorus scoring over 80 points, a very high standing.

The shield was awarded to the undenominational chorus led by Mr. Claude Hughes, score 84 points; the second place going to All Saints church chorus, led by Mr. Vernon Barford, score 81 points, and the third to the Calgary chorus led by Mr. C. F. Howells, with a score of 80 points.

The work of the Calgary chorus was much appreciated and called forth prolonged applause from the audience, it is composed of some 48 men, under the leadership of Mr. Howells, assisted by Mr. Williams.

The other event of the afternoon was the tenor soloists' competition which was won by Mr. J. S. Keltie, of James Ramsey, Ltd., with a score of 74, one point less than would entitle him to the gold medal. The second place was awarded to Mr. Frank Brayford with 73 points, and Rev. E. E. Winter, third, with 72 marks.

**Concert Last Night.**  
The festival concert last night at McDougall church was largely attended and the numbers on the program heartily appreciated, and enthusiastically applauded.

As was to be expected the singing of the school children and the male choruses came in for the greatest interest and applause. Miss Helen Hunt's violin solo, as well as Miss McMillan's contralto solo were both artistically and delightful and received warm praise from the audience.

"The Crusaders," by the festival chorus and orchestra, which has been looked forward to with much interest, did not quite come up to expectations, but the perfection hoped for will no doubt be more marked in tonight's concert, after the first rendering last night when the performers will have gained greater confidence in themselves.

The solos sung by Miss Beattie Pille, Mr. David J. and Mr. McFarlane were all of a high order of excellence and charmingly rendered.

The concert to be given this evening in McDougall church will with the exception of "The Crusaders," be entirely changed and promises to be the best musical event of the season, and should be generously patronized, as the great artistic work being done for Edmonton and its young people, as well as for the whole province by the few earnest workers who have year by year put forth time, effort and of their own means to build up a musical center here is inestimable, and is a work of which all citizens must be justly proud.

**Hope for a Surplus.**  
In all of the six years' previous struggle of the musical festival promoters, a monetary deficit has been the fruit of their earnest endeavors and has hung like millstones about the necks of the musically faithful, and in interest in the future of Edmonton and all justice to progress and patriotic Alberta, it is hoped that this year will see a change and that a surplus, not a deficit, will be reported at the close of the festival. It is up to Edmonton to make this the seventh annual musical -scape off it as so income v. expenses where next year.

## REVOLTING ALBANIAN MINISTER DECLARED EXILE TO BRINDISI

Durazzo, Albania, May 21.—After a long conference yesterday in which the Italian chargé d'affaires and the Albanian minister took part, Prince William decided to put Essad Pasha, former minister of war, aboard a steamer bound for Brindisi. Essad Pasha must first sign a declaration promising not to return to Albania without the prince's permission.

**Supreme Court.**  
In the Supreme Court, criminal sitting, on Wednesday Frederick Weltweit was acquitted of a charge of having committed an assault on a girl at Twintime.

## OIL BOOM EFFECTS NOT THE INTEREST IN SPRING RACE MEET

Horses Are Working Fast Times on Exhibition Track—Sporting Life, Nellie G, Hal Chief, Tristie, Gratton Boy, Prince Rupert and Many Other Well Bred Horses Are Making Last Touches to Their Training.

The office of the Edmonton Exhibition association for the races will be under the grand stand. H. W. Ormerod, race secretary, will be there today, and the telephone number of the office is 72343.

Working out rerds and records made and broken constitute the topics of interest discussed on the Exhibition grounds these days. Oil has little consideration in at least one part of the city, while the Mexican situation and the C.N.R. dilemma might just as well not exist for all the thought be-

stowed upon them by the colony at the racing stables.

**Sporting Life, owned by "Red" Ford of Prince Albert, has won \$23 races in his career—a record for any Canadian. In 1912 alone he won sixteen firsts, seven seconds, and four thirds, his total winnings amounting to \$5,420.**

While it was formerly stated Prince Rupert had broken the world record for the mile, it is now known that the

Made a mark of 2:10 flat, "Red" Ford claims that Sporing Life broke the record for a mile in 1942, and in 1:34 1/4 miles in 2:08 flat, at the Medicine Hat race meet in 1943, making the record for the race meet, 23:25, and over a half mile track in Canada. Sporing Life recently won three-quarter mile races at the Medicine Hat and Edmonton track. Sired by Meddler, he is one of the best head horses in Canada.

Manzanita would in fame of the Ford strain, also worked three-quarters of a mile in 1:19. Both horses are trained by a man who has been a part of the industry for many years. He is a very capable in a pure bred goat.

Nellie G. comes from Calgary in the string of John Weil, and is renewing old acquaintance with the Edmonton track, preparatory to the race meet. Nellie G. is one of the few black steeds in the stable, and classes high as a coastland pacer. She was second to Loanda at the Grand Circuit meet at Columbus, Ohio, last year, when the winner made a record of 2:24 1/4. At Lexington, Kentucky, she won third money in a race won in 2:03 1/4. Nellie

## ADDITIONAL SPORT

### STRATHCONA WILL PLAY THE RADIALS AT SOCCER FRIDAY

The above two teams will compete in a senior league fixture at the south side grounds tomorrow (Friday) evening at 6:45.

The following team has been chosen to represent Strathcona: Goal, C. Woods; backs, Sissons and G. Mantle; half backs, Bradshaw, Hardy and C. Dyer; forwards, Forrester, J. Steele, Lappin, Horsley and W. Jewell. Reserves, Aulp, Irvine and Watson.

The following players will represent the Radials: Smith, Hurman and Adam, McCafferty, Hutton, Baker, Horsley, Fawcett, Whitehead, Skell, Emerson, Reserves, Coward, Baxter, Monypenny. All players are requested to be on the south side grounds at 6:45.

### C. P. R. to Play C. N. R.

Tonight (Thursday) the C. P. R. and C. N. R. baseball teams meet in their first encounter on the Diamond at Victoria park at 7 o'clock.

As these two organizations played several hockey matches during the last winter, the rivalry is unusually keen and although the betting is in favor of the C. N. R. the fans expect a lively exhibition of grandstand work.

In 1913 Denmark made 3,460,623 gallons of alcohol from grain and potatoes.

### CAN'T RETURN TO INTERNATIONALS IF JUMPED TO FEDERALS

New York, May 21.—According to announcement by President Edward Barrow of the International league, players of that organization who violated their contract by jumping to the Federal league will not be permitted to return to the International league under any circumstances.

President Barrow stated that the case of Fitcher Frank Smith, who deserted the Montreal team of the International league for the Baltimore Federals and returned to the Montreal club on Sunday, was one in point. It was decided that Smith, having violated his contract with the Montreal club, could not return and play with the International league, despite the fact that he reported back to Montreal on his own volition.

### POSTAL MATTER SHOULD BE ADDRESSED ALBERTA; "ALTA" INSUFFICIENT

Ottawa, May 21.—The people of the province of Alberta object to the contraction of "Alta" and representation have been made to the postmaster-general in the matter. It has been decided to discontinue the use of contraction "Alta" in the postal service and to recommend that letters and other mail matter for the province should bear its name in full.

The representations made to the postmaster general were that the word "Alberta" was not too long to be used in full, that it is significant and euphonious and may be a mark of great value in marketing the products of the province.

### Ty Cobb Injured

Detroit, May 21.—A dispatch received here from Boston says Ty Cobb, the Detroit player has broken a rib and will be out of the game for a week or 10 days. The injury was received Monday in the game with Boston, when Foster hit Cobb with a pitched ball.

**Lacrosse Practice Today**  
The north side senior lacrosse team will hold a practice at Diamond Park this evening immediately following the baseball game. A large turnout is requested.

### Killed by Lightning

Moose Jaw, May 21.—Passing near the shack where he found an unknown man hanging dead about a month ago a farm laborer named Nixon at Ogema yesterday came across Arthur A. Ware, who had been killed by lightning.

### Dies in Connecticut

A wire was received yesterday from Bridgeport, Connecticut, announcing the death in the morning of Mrs. A. W. Gerrie, sister of Mrs. J. B. Gerrie, 312 Tenth avenue N.E., Edmonton south.

## ERRORS LOST THE BRONKS GAME 4-3

Frink Pitched Great Game, Striking Out 11 Men, But Hatters Double Score.

Calgary, May 21.—Errors at critical times cost the Bronks last night's game with Medicine Hat. Frink pitched a great game, striking out eleven of the opposing batsmen. Four of the Hatters' runs scored after the side should have been retired and would have but for imperfect plays.

Huckles for Medicine Hat pitched a very careful and effective game, keeping the hits well scattered. The visitors scored two in the second, Morse's triple along the first base line being followed by Hillman's double which scored Morse. Barnes sacrificed and Barth was declared safe at first on a close decision. Hillman scored.

In the fourth another run was scored two singles, two errors and a wild pitch being responsible. Calgary scored one run in the first, fourth and seventh innings, tying the score. In the eighth after two were out, a walk, two singles, an error, together with two double steals clinched the game for Medicine Hat, Hillman Barnes and Brown scoring on the combination.

The score:  
Medicine Hat ..... 620.100.026.6-5-3  
Calgary ..... 100.100.100.3-7-5  
Huckles and Barth; Frink and Ryan.

### ANTI-TIPPING BILL IS TAKEN UP IN THE SENATE COMMITTEE

Ottawa, May 21.—The senate spent yesterday afternoon in committee on the anti-tipping bill. Senator Davis read similar law which is in force in the state of Mississippi. It required notice to be printed in hotels, railway cars and restaurants, and forbade tipping, under penalty of a hundred dollar fine or imprisonment. He read a letter from a leading wholesale hardware firm of Winnipeg approving the bill, and stating that the tips of travelers had to be paid by their employers. The cost of travelers' bills for tips was increasing and it was time that something was done to suppress it.

### Killed at Crossing

Lindsay, Ont., May 21.—While attempting to drive a team attached to a heavy wagon across the G.T.R. tracks at Brown's Crossing on the eastern boundary of the town yesterday in front of the express from Peterboro, John Wellington, a well known resident of Lindsay, was fatally injured, dying an hour after his wagon was struck, and he himself was hurled a considerable distance.

## INSURANCE HEADS OF FOUR WESTERN PROVINCES MEET

Will Make Proposals to Govern-  
ments for Unification of  
Legislation.

LICENSING OF AGENTS  
UNDER CONSIDERATION  
Matters of Interest to Insuring  
Public and Companies  
Discussed.

A number of important subjects affecting insurance was dealt with at the conference of western superintendents held in Calgary. The object of the conference was to bring about greater uniformity between the insurance legislation in the four western provinces and was attended by A. B. Hain, superintendent of the Manitoba Insurance branch, Arthur E. Fisher, superintendent Saskatchewan; Col. E. P. Gunther, British Columbia; R. L. Gleason, deputy superintendent Alberta; W. V. Newson, deputy provincial treasurer, Alberta; G. P. O. Pawlick, of the attorney general's department, Alberta; R. W. Shannon, K.C., legal adviser to the executive council of the Saskatchewan government. Representatives were also present from the Dominion Life Officers association, Calgary; the Western Life Officers' association; Canadian various hall, accident, carriage and marine insurance interests.

Morning and afternoon sessions were

Mrs. McArthur Gives Dadd's Dyspepsia  
Tablets and Dadd's Kidney Pills all  
the Credit for Her Cure.

Rockaway Valley, Que., May 20.—(Special).—Mrs. Robert McArthur, well known and highly respected here, has joined the great army of Canadian women who are shouting the praises of Dadd's Dyspepsia Tablets and Dadd's Kidney Pills. "Last autumn I had a severe attack of dyspepsia, which left me very nervous and ill," Mrs. McArthur says. "I tried several kinds of medicine and derived no benefit from them till one evening I happened to read one of Dadd's advertisements and decided to try Dadd's Dyspepsia Tablets and Dadd's Kidney Pills. The result was that my nervousness vanished and I can now enjoy my meals."

"My daughter also used two boxes of Dadd's Kidney Pills and found them very beneficial."

"On another occasion when troubled with sore back I found a cure in Dadd's Kidney Pills."

"If you keep your stomach right with Dadd's Dyspepsia Tablets and your kidneys in order with Dadd's Kidney Pills, you can laugh at the ills that beset the lives of so many women a burden to them."

WHOLE CAR LOAD OF  
HONEY BEES FOR P.H.  
ORTH, OF CLOVER BAR

A whole car load of live bees has  
recently arrived at Clover Bar station  
on the Grand Trunk Pacific railway,  
seven miles east of Edmonton, the shipment  
coming from near, Michigan. P.  
H. Orth of Clover Bar, who imported  
the bees, is evidently going into the  
industry of bee-keeping on a large  
scale, and the vegetation of the area  
gives every hope of success. The  
names "Clover Bar" itself seems to be an  
incentive to the cultivation of bees  
and Clover Bar honey when it makes  
its appearance on the market, should  
appeal to the imagination of the west-  
erner.

The Grand Trunk Pacific handed the  
car of delicate live bees quite safely,  
although it was somewhat gingerly  
that the trainmen approached the car.  
While on route the bees remained quiet  
in their hives.

"Cy" Warman Died Poor.

London, Ont., May 11.—"Cy" War-  
man, the poet of the Rockies, was  
worth but \$449.65 when he died, ac-  
cording to his will which was filed for  
probate at the local office of the  
surrogate court yesterday. He bequeathed  
all of his property to his wife, with  
exception of a nominal sum to his  
daughter.

Over \$20,000,000 are invested in the  
British Columbia fishing industry in  
boats and equipment.

## AN APPALLING CONDITION

Invariably results when you use a  
cheap corn shaver. The adulterated  
"Putnam's," for fifty years it has  
cured corns and warts that nothing  
else can touch. Ask for Putnam's  
Business Corn Extractor only, 25c. at  
all dealers.

held each day. The morning sessions  
were private and were attended only  
by the representatives of the various  
provincial departments. The afternoon  
sessions were open, however, and full  
opportunity was given to the various  
interests to lay their views before the  
representatives of the four govern-  
ments.

The following facts regarding the  
matters dealt with at the conference  
are supplied by R. L. Nicholson.

**Life Insurance**

In connection with deposits from  
provincial revenues it was suggested  
that provincial companies make a de-  
posit of either \$10,000 or \$25,000. In  
some provinces and an additional de-  
posit of \$10,000 with the home super-  
intendent of each additional province  
in which the company seeks a license.  
Superintendent of home province must  
furnish a certificate that this deposit  
has been made. The superintendent  
must certify annually, or often if re-  
quired, that the reserve is maintained  
if approved, securities and that the  
reserve is absolutely intact.

For the present it was suggested that  
the rates of foreign fraternal applying  
for a license must conform with the  
Harter tables or else those of the Na-  
tional Fraternal congress. This was  
not to be retroactive but was intended  
to refer to new fraternal seeking ad-  
mission to the four western provinces.  
The licensing of life agents was  
brought to the attention of the as-  
sociation, but being a matter of internal  
supervision it was left to superintend-  
ent.

The matter of beneficiaries was dis-  
cussed but was left over for a subse-  
quent meeting.

In regard to the question of reports  
to government, a standard report form,  
the same for each province was adopted.

**Fire Insurance**

Regarding deposit of provincial  
companies the same recommendation  
was made regarding fire insurance  
companies as in the case of life com-  
panies.

The resident agent clause was de-  
cided to be a matter of local interest and  
was left to the discretion of each  
superintendent.

The licensing of fire insurance agents  
also was decided to be a matter which  
concerned each province.

It was decided to accept the statu-  
tory provisions of the province of Ontario  
with amendments to meet con-  
ditions as they exist in the western  
provinces. Very little time was spent  
on this subject. The secretary will  
prepare the draft from this and this  
will be revised again at a subsequent  
meeting. The various insurance in-  
terests have had a chance to consider  
the changes made. Ontario and New York  
forms were used as the basis of revision.

**Hail Insurance**

The question of a standard policy  
was discussed and recommendations  
were made accordingly.

The question of licensing of agents  
was decided to be a matter to be dealt  
with by each province according to  
local conditions.

The manner of adjustments of hail  
losses was also discussed. This was  
particularly applicable to the province  
of Alberta. It was decided to re-  
quire the adjuster to leave a copy of  
the adjustment with the insured.

There was considerable discussion  
over the requirements for the admis-  
sion of foreign mutual hail companies,  
but no definite recommendation was  
made regarding these companies.

The adoption of standard cancella-  
tion forms and standard proofs of loss  
was recommended by insurance repre-  
sentatives.

A uniform annual statement from  
Dominion licenses was recommended.

**Casualty**

Representatives of the agents of vari-  
ous casualty companies operating in  
the city of Calgary presented a recom-  
mendation that a standard policy form  
be adopted setting forth certain stan-  
dard conditions, which would have no  
reference to policy benefits. This mat-  
ter will be considered at subsequent  
meetings.

The interpretation of certain defini-  
tions in the various insurance acts was  
also discussed.

A further meeting will be held at  
Calgary in September next, at which  
dates to be laid before the various  
governments next session will be drawn  
up.

## Our Entire Stock of Women's and Misses' SUITS and COATS On Sale Friday and Saturday at Sweeping Price Reductions

All Catalogue Lines Included as well as Regular Stock—The  
BIGGEST SALE of its kind in the Store's History
